Apeldoorn, 1 April 2020

REF: ORDER 200301385

TO WHOM IT MAY CONCERN

This is to declare that the EN 54-13 compatibility and connectivity assessment for the Penta 5000 and Penta 6000 panels from Hertek B.V. has commenced. This assessment will cover all expansions and peripherals as specified in an overview provided by Hertek, referred to as "*Kiwa EN54-13 keur meeting (definitief).xlsx*"

Once all steps will have been completed to establish that the devices are in compliance with the requirements of the certification scheme, a certificate will be issued.

With kind regards,

A handwritten signature in blue ink, appearing to read "Sabyne van Mourik". The signature is fluid and cursive, with a long horizontal flourish extending to the right.

Sabyne van Mourik
